

What is Tarmac Sportz?

Tarmac Sportz is a series of fun and competitive motorsport speed events that suit a wide range of experience levels and vehicles. Whether you are someone who wants a low-risk environment to have a spirited drive in your car or are looking to become a regular motorsport competitor, Tarmac Sportz events provides plenty of excitement, challenge and enjoyment!

Disciplines

CIRCUIT SPRINTS

Set your fastest lap time around the circuit. It's not a race, so you can test your speed without the pressure of door to door racing.

TIME CHALLENGE

Regularity. Nominate the time you think you can do. Points are deducted for being over or under the nominated time.

POINT 2 POINT

Test yourself against a course that is a combination of different elements of the venue.
**

HILL CLIMB

This event is held on Jack's Hill Climb track. The undulations create an extra challenge.
**

Categories

** There is a choice of two categories to enter for Point 2 Point and Hillclimb

SPRINT

Fastest accrued time is crowned the winner for the Point2Point, and the fastest overall is crowned the winner of the Hill Climb.

TIME CHALLENGE

Regularity style where your first timed run sets the benchmark which you may use for your nominated time.

How do I enter?

Access the supplementary regulations and event timetable off the WASCC website. These explain how the day will run, what regulations you need to comply with, and how the results are calculated. You can then enter via the Motorsport Australia portal (which you will be given access to through registering for a MSA licence).

www.motorsport.org.au
