TUNING DAY

Tuning Days are a fun way for WASCC members to enjoy the pleasure of high-speed driving in their road car or an ideal way to tune your race car. Such days are completely non-competitive. Below is some general information about WA Sporting Car Club Tuning Days.

- ★ Minimum dress standard at Tuning Days is clothing that extends from ankles to neck to wrists. Clothing and footwear of flammable synthetic material, such as nylon, is not acceptable. Drivers on the circuit must wear a safety helmet.
 - Helmets must comply with Australian Standard AS1698. Either closed face or open face is acceptable.
- ★ All drivers must complete and sign the Motorsport Australia Top Car Tuning Day Disclaimer form. You must sign on at the Race office for tuning day sessions. If you have any team members (pit crew) they must also sign on.
- ★ Anyone who wishes to take part in the Tuning Day must have a Motorsport Australia Speed Licence as a minimum. Motorsport Australia Speed licenses are valid for one year from date of purchase and cost \$130.00. These licenses can be obtained from Motorsport Australia at <https://motorsport.org.au/membership/licence/introduction>
- ★ A Speed Motorsport Australia Licence allows the driver to use the circuit for private practice, compete in Super Sprints, Hill Climbs, Regularity Trials, Drifting and Motorkhana. A higher-level licence is required to race.
- ★ Entry and exit to the circuit are via pit lane from the south ramp, adjacent to McCrackan House.
- ★ Any person in the view of an official found to be racing may be removed from the circuit. Tuning Day is not for racing.

- ★ All drivers who have not driven with WASCC previously in either a private practice or on a tuning day are required to attend a driver briefing about driving on the circuit and driver etiquette.

- ★ Vehicles are to be in good working order with no oil leaks.

Notify Pit Lane Marshal of any new members wanting to participate in the day's activity. Officials must sign on using the officials sign on sheet.
